COVID-19 Vaccination and Service Details

COVID-19 Vaccines

Campus Health has been designated as a site for administering vaccines to students, grad students, post-doctoral fellows, eligible partners/spouses [1] and UNC faculty and staff. Beginning 4/16, the Carolina Vaccination Center will offer the two-dose Moderna vaccine.

We encourage students to check COVID-19 vaccine details [2] on this website regularly for updates.

COVID-19 Care

Details about Campus Health services during COVID-19, testing, tracing, vaccines and more are all available on COVID-19 resources and information [3].

The best way to make an appointment for COVID-related care is to request one on the Healthy Heels Portal [4] and a scheduling staff member will call you back. Please answer your phone! Students may also call 919-966-2281 between 8 am and 5 pm Monday - Friday to schedule an appointment. Please talk to a Campus Health staff member on the phone prior to coming to Campus Health.

For CAPS visits, see caps.unc.edu [5].
