Campus Health is currently in the process of setting up a vaccination clinic on campus for our students. The clinic will be located in the Student Union in the former site of the Wendy's restaurant location. While Campus Health has been approved as a provider and is making preparations to offer the vaccine when we have it, NC DHHS has not yet sent us doses of the vaccine. We hope to receive a vaccine allocation soon and in the coming days will update this page with more information about the clinic and how eligible students can schedule appointments.
Am I eligible to be vaccinated?

Eligibility for being vaccinated is determined by each state's health department. Students living in North Carolina will follow the NC DHHS guidelines for vaccination eligibility [2].

Do vaccinated students still need to participate in Carolina Together Testing?

Yes - vaccination does not exempt students from Carolina Together Testing requirements.

After being vaccinated, what precautions do I still need to take?

To protect yourself and others, follow these recommendations:

- Wear a mask over your nose and mouth
- Wait 6 feet away from others
- Wash your hands
- Avoid crowds
- Avoid poorly ventilated spaces

?UNC Community Standards should still be followed.

Remember that you're not considered protected until 2 weeks after your final dose of the vaccine.

If I'm vaccinated and notified as a close contact, do I still need to quarantine?

Campus Health, in consultation with the Orange County Health Department, is following the CDC's recommendations for quarantine in vaccinated individuals [3].
**When can I be vaccinated through Campus Health?**

Campus Health has been designated as a site for administering vaccines. We are waiting on vaccine supply to begin vaccinating students, grad students and post-doctoral fellows.

We encourage students to check this website regularly for updates. In the meantime, you can visit the following links for additional information on COVID vaccination.

**UNC Chapel Hill's vaccination approach is shown on the Carolina Together website.** [4]
