

# What Students Say about Campus Health

We know you're wondering - what are students saying about our services? We wondered the same thing - so we asked. If you have something to say about your experience with any of the services at Campus Health, please visit our [virtual suggestion box](#) [1] for a variety of ways to provide feedback.

Here are some students' words about Campus Health.

It's really invaluable...it really saved me the last couple of semesters, just having that person to talk to and work on my issues.

- UNC Senior

People at Campus Health are really friendly and they don't judge you for whatever problems you might have.

- UNC Sophomore

Some students agreed to be filmed describing their experiences here. You can view all of our student testimonial and staff profile videos, including transcripts, on our [Health Heels YouTube Channel](#) [2].
