Same Day Care

The Campus Health Same Day Care clinic treats students for medical conditions that require prompt medical evaluation. Patients are initially seen by a Registered Nurse to assess the nature of visit and then directed to the most appropriate clinical service within Campus Health.

Due to the ever-changing nature of urgent needs on campus, particularly during the time of COVID-19, request an appointment online [1] or call for an appointment 919-966-2281. A provider can help you determine how quickly you need to be seen.

Hours of Operation

8:00 a.m. - 6:00 p.m. Monday - Friday as well as 8:00 am - 5:00 pm on Saturdays during the Fall and Spring semester. Last appointment begins 30 minutes prior to closing.

Note: On Saturday, there is a $50.00 service charge for visits to Campus Health and this charge is not covered by your insurance.* On Saturday, many Campus Health departments are not operating at full capacity. Students may need to return to Campus Health during regular hours to have all their health care needs met such as having labs drawn, x-rays taken, or prescriptions filled. During the academic year Same Day Care is supported on Saturdays by our Student Stores Pharmacy which is open from 11:00 a.m. - 3:00 p.m.

Examples of Typical Same Day Care Visits
