

# Summer Access Charge

## 2022 Summer Session I & II

UNC students may still access Campus Health during the summer. To be eligible for accessing clinical services at Campus Health, a student must:

- Have paid a health fee in the 2022 spring semester (a part of tuition/fees), AND
- Did not graduate May 2022, AND
- Pay the Summer Access Charge

The Summer Access Charge applies to both onsite and virtual (telemedicine) visits in Campus Health and CAPS. The Access Charge may be placed on student accounts (paid by calling patient accounts at 919-966-6588) or may be paid at time of service at patient accounts on the 2nd floor of Campus Health in Admin East for those receiving onsite care.

Spring 2022 graduates are eligible to use Campus Health Services through June 7, 2022 (30 days following graduation) without paying an additional summer access charge. Spring 2022 graduates are ***not*** eligible to pay the Summer Access Charge and continue care.

All students are allowed to use the Campus Health Services Pharmacy, Student Stores Pharmacy and the International Travel Clinic during the summer without paying a Summer Access charge.

Those who only access CAPS groups do not need to pay the Summer Access charge.

Please check which session you would like to pay the access charge and receive care in.

\_\_\_\_\_ Summer I (May 11-June 19, 2022): \$50.00

\_\_\_\_\_ Summer II (June 20-Aug 7, 2022): \$50.00
